# OneBoat
CUSTOM INTERFACE ADMIN MANUAL
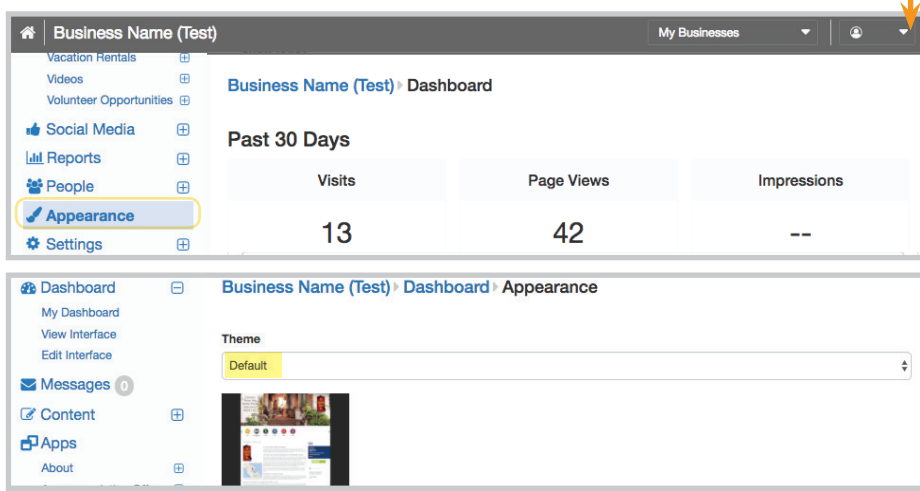

THEME SETTINGS

EDIT INTERFACE > Administrative Settings

Update Theme Settings under the **Administrative Settings** tab to allow custom interface templates. This tab is only accessible by an One Boat Administrator.

- **Theme Settings:** Check the box next to **Allow Custom Templates**. When checked, administrative users will be able to select and configure custom templates for the stand-alone site for the business.

- **Mobile Logo Image:** Upload an image to be used as the logo on mobile sites in certain themes (including the Equus Theme). The image will be resized to a maximum of 343px wide by 67px tall.

- **Custom CSS:** Add any custom CSS to be used on generated PDF documents (like Daily Specials).

- Select the **Save** button when you are done editing the Administrative Settings Tab.

- Once the **Allow Custom Templates** setting is saved an **Appearance** link will show on the left navigation bar.

- Select the **Appearance** link and choose a **Theme** from the first drop down.

Theme Options:

Swiss Site

**Swiss Site Full Banner**
(Full Side Navigation Bar)

Equus

**Lunar**

APPEARANCE

- After choosing a **THEME** continue to select options below to further customize the site.

- **FONTS:** Choose a **Body Font** to be used for body text and a **Heading Font**.

- **COLORS:** Choose a **Background Color**, **Body Font Color** and **Heading Font Color**. Use HTML colors in Hex (RGB) format, exp. #808080. Leave blank to use the default color.

- **LAYOUT:**
  - **Show Banner Image:** If yes, the business profile banner image(s) will be shown on all pages. Size images at 1175 pixels wide and 425 pixels tall and save for web quality. Multiple images can be added to create a rotating slideshow. A banner image should also be uploaded for the interface even when a slideshow is used for the theme site.

  Note: Change the Profile Banner image(s) under: Edit Interface > General Info > Header > Profile Banner

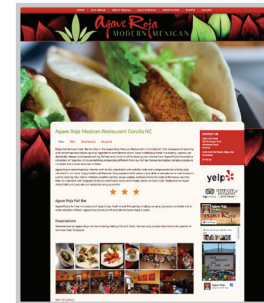

Banner Image

  - **Primary Slideshow Type:** Slideshow type used on the home page.
  - **Secondary Slideshow Type:** Slideshow type used on secondary pages (not home page).

Layout Options:
- **Default**
      Primary: Simple Image Rotator
      Secondary: Slider with Side Images
- **None**
- **Simple Image Rotator** -OR- **Image Slider**
      Size images at 1920 pixels wide and 700 pixels tall and save for web quality.
- **Slider with Side Images**
      Size images at 1175 pixels wide and 500 pixels tall and save for web quality.

Simple Image Rotator & Image Slider

Slider with Side Images

Note: Change slider images under: Edit Interface > General Info > Header > Slideshows

Secondary Page Slideshow Options:
Secondary app pages can be customized with slideshows unique to that page.

- Select **App Settings** under the Actions drop down or from the navigation.

- **Select Slideshow:** Choose what slideshow to appear on the app. For **Custom App Slideshow** a custom app-specific slideshow style can be chosen and images can be added. Use the image sizes above for corresponding **Slideshow Types** and upload images.

APPEARANCE

- **LAYOUT Continued...**

  - **Gallery Type:** Gallery type used for the business. Choose from:
    - Default
    - Simple (Square Thumbnails)
    - Justified (Images are a constant height and fit together)
    - Masonry (Images are a constant width and fit together)

- **SIDEBAR CONTENT**

  - **Show Logo:** If *Yes* or *Default*, business logo/signature image will be shown in home page content.

  - **Show Media/Map:** If *Yes* or *Default*, featured media (or map if no media is uploaded) will be shown in the home page content.

  - **Show Social Links in Sidebar:** If *Yes* or *Default*, social media links will be shown in sidebar.

  - **Show Contact Info in Sidebar:** If *Yes* or *Default*, business contact info will be shown in sidebar.

  - **Show Coupon in Sidebar:** If *Yes* or *Default*, a valid coupon (or featured) will be shown in sidebar.

  - **Show Map in Sidebar:** If *Yes* or *Default*, map will be shown in sidebar.

  - **Show Business Info in Sidebar:** If *Yes* or *Default*, business info (atmosphere, specialties, etc.) will be shown in sidebar.

    Note: Change sidebar content (logo, featured media, social links, business info) under: Edit Interface > General Info

  - **Right Sidebar Content:** Enter text to appear in the sidebar under the business info box.

    Additional sidebar options:

    - **Center Content:** Select the Source icon [Source] in the Right Sidebar Content navigation. Enter **<center>** before the code and **</center>** at the end.

    - **Facebook Feed:** Change the text format to **Full HTML,** select the **Source** icon and enter:

      <div class="fb-page" data-adapt-container-width="true" data-hide-cover="false" data-href="https://www.facebook.com/Name/" data-show-facepile="true" data-small-header="false" data-tabs="timeline" data-width="240"><blockquote cite="https://www.facebook.com/Name/" class="fb-xfbml-parse-ignore">Name</blockquote> </div>

    - **Add Images:** Upload an image under *Appearance > Files* (**Save Settings** after adding image file). Right click on the image name and **Copy Link Address**, select the image icon in the *Right Sidebar Content* navigation and enter the **Link Address** in the *URL* field as well as other details on the *Image Properties* box. Select the **Save Settings** button.

APPEARANCE

- **FILES**
    - **Add Files:** Upload any custom files that are required for this business by selecting the **Add File** button followed by the **Save Settings** button. These files will be located at: */sites/default/files/business/####/custom/* (find the site's unique four number under the *Files* header).

- **CSS**
    - Enter any custom CSS rules for this business. Below are common selectors and their properties that can be used to customize the look of any theme.

Text Box:

LUNAR THEME CSS

## CUSTOM IMAGES

LOGO

1. **Add Logo:** Under *Edit Interface > General Info > Details > Logo/Signature Image*

Logo File Size:
Recommended File Size: Less than 350px Width by 350px Height (.png)

FILES

- Add Files: Upload the following custom images that are required for this theme by selecting the **Add File** button followed by the **Save Settings** button. These files will be located at: */sites/default/files/business/####/custom/* (find the site's unique four number under the Files header). Use the number and image file name in the CSS for each item.

Files

Upload any custom files that are required for this business. These files will be located here: /sites/default/files/business/5214/custom/

our-menus.jpg
agave-directions.jpg
agave-map.jpg

Site Number

2. **Nav Bar File Size:**
1px Width by 45px Height (.jpg)

3. **Top Header Tagline Size:**
1px Width by 45px Height (.png)

4. **Top Header Background Size:**
1920px Width by 172px Height (.jpg)

5. **Bottom Background Size:**
1920px Width by 322px Height (.jpg)

Notes: Change **Slider Images** under: *Edit Interface > General Info > Header > Slideshows*

Change site **Mobile Image** under: *Edit Interface > General Info > Header > Profile Banner > Mobile Profile*

Enter **Tag Line** under: *Edit Interface > General Info > Details > Tag Line.* Type text in this field for the **Top Header Tagline** image to show.

CUSTOM CSS

1. **Logo Size:**
#business-branding img {
    width: auto;
    height: 200px;
}

2. **Navigation Bar:**
#access {
  background: #333333 url(/sites/default/files/business/XXXX/custom/image-name.jpg) repeat-x 0 bottom;
  min-height: 25px;

Navigation Bar Spacing:
.navbar ul {
    max-width: 1200px;
    margin: 13px auto;
}

Navigation Bar Text:
.navbar ul > li > a {
  text-align: center;
  border-color: #333333;
  padding: 0 19px;
  font-family: 'Montserrat', sans-serif;
  text-transform: uppercase;
  font-size: 14px;
  font-weight: normal;
  text-shadow: 1px 1px #333333;
  color: #333333;

3. **Top Header Tagline:**
#business-branding .tagline {
  position: absolute;
  left: 260px;
  top: 0;
  text-indent: -10000em;
  overflow: hidden;
  width: 1000px;
  height: 137px;
  background: url(/sites/default/files/business/XXXX/custom/image-name.png) no-repeat;

4. **Top Header Background:**
#business-branding {
  width: 100%;
  height: 172px;
  background: url(/sites/default/files/business/XXXX/custom/image-name.jpg) 50% 0 repeat-x;

5. **Bottom Background:**
#page-header:after {
background-image: url(/sites/default/files/business/XXXX/custom/image-name.jpg);

Agave Roja Mexican Restaurant Corolla NC

View Edit Dashboard Account

Enjoy the famous Outer Banks vibe in the Agave Roja Mexican Restaurant in Corolla, NC. Our restaurant is bursting with contemporary flavors, quality ingredients and vibrant colors. Savor a delicious meal in a slightly upscale, yet decidedly relaxed and casual setting. Refresh and unwind while sipping your choice from Agave Roja's impressive collection of Tequilas. Or try something completely different from our full bar featuring mojitos, sangria, signature cocktails and a wide selection of beer.

Agave Roja's contemporary interior with its tile, woodwork and colorful reds and oranges presents a lively style mirrored in our food. Enjoy traditional Mexican fare prepared with passion and skill, or sample some new twists on Latino cooking. Our menu includes creative starters, soups, salads, seafood dishes (including fish tacos, ceviche, Mahi in a banana leaf, Snapper Veracruz and more), tacos, enchiladas, steak, chicken, kids' meals and so much more! Wait until you see our variations on guacamole.

Agave Roja Full Bar

Agave Roja's full bar includes a full tequila bar, fresh-made Margaritas, mojitos, sangria, signature cocktails and a wide selection of beer. Agave Roja serves lunch and dinner seven days a week.

Reservations

Reservations for Agave Roja can be made by calling 252-453-0446. We can only accept reservations for parties of no more than 12 people.
